

Name:	Nick Humphries
Subject:	RE
Why study your subject?	In Religious Studies students learn to respect themselves and understand their own identity, to respect others, and to understand their own and others' rights and responsibilities.
What's the best thing about your subject?	I love the fact that every day I am teaching vastly different things and learning alongside students. I enjoy the creative and explorative nature of our subject, and having debates where my mind is opened up just as much as the students'.
Favourite famous person associated with your subject.	Martin Luther King
Fun fact about your subject.	84% of the population of the world have a faith, that is approximately 6.5 billion people.
Joke related to your subject.	Two little boys were known troublemakers, stealing everything they could get their hands on, even from the church. One day a priest stopped one of the boys and asked, "Where is God?" The boy shrugged and the priest repeated, "Where is God?" The boy ran out of the cathedral crying to his home where he hid in a closet. Eventually his brother found him and asked, "What's wrong?" The crying boy replied, "We're in trouble now! God is missing and they think we took him!"
Quote about your subject.	Whenever I come out of RE my head is exploding with questions and my whole body aches – this is not because I don't understand – it is because I'm buzzing with new thoughts. (12-year-old pupil NATRE Survey 2008)

Message to Year 7 students.

Myself and Mr Hudspith look forward to meeting you all in September and hope that you will come to Pilton with enthusiasm and a love for learning. RE is a popular subject at Pilton and many pupils choose to take GCSE RE. We will endeavour to provide you with an engaging and fun course that will help you understand your own ideas and respect the ideas and opinions of others.
